

0178

The conical shape makes these brushes suitable for sideways jobs on irregular surfaces, with edges, profiles and cracks. Made of high resistance crimped wire.
 *LIZ S/Steel cord: Better finishing (thanks to thinner wires) and extreme 3.5x performance (thanks to the steel cord style) compared to standard crimped wire

TYPE OF USE

To remove slags, rust and residues from surfaces of any shape and material.

	MM
