

Crimped wire wheel brushes suitable for sideways jobs on irregular surfaces, with edges, profiles and cracks. Made with extremely resistant crimped wire, these brushes are compact, aggressive and safe. The 3000 series is suitable for mini-grinders.

*Also available with a 22.2mm -7/8" hole

TYPE OF USE

Suitable to work on angular or shaped surfaces at high rotation speed. To remove slags, rust and residues from surfaces of any shape and material.
