

0319

Bevel brushes for string trimmers are a safe*, effective and environmentally friendly choice since they are an alternative to chemical herbicides often forbidden by many countries. The “EXTREME” is a professional solution in knotted steel with high performance and durability. Suitable for deep cleaning and removal of moss and stubborn weeds from asphalt, stone, bricks and steel surfaces. Read and follow the safety instructions provided together with the brush and with the power tool before using brushes for grass trimmers. Recommended string trimmer motor power: 1.6 HP or more. Included adapter with 20mm - 3/4” bore.

TYPE OF USE

Easily and quickly remove weeds, shrubbery and uncontrolled vegetation from streets, walkways, pavements of any kind (tarmac, cobbled), also in wide areas such as courtyards, car parks...

Le dimensioni, le illustrazioni, le caratteristiche tecniche, le referenze e tutti gli altri dati contenuti nel catalogo possono essere modificati da SIT senza preavviso. Tutte le dimensioni riportate sul catalogo sono da considerarsi nominali e, se non diversamente specificato, sono in mm. Diametri, sporgenze e spessori degli insiemi di filamenti, costituenti le spazzole, sono da considerare tali solo approssimativamente.
The dimensions, illustrations, technical characteristics and all other data contained in the catalogue may be changed by SIT without prior notice. All dimensions on the catalogue, unless otherwise specified, are in mm. Diameters, protrusions and thicknesses of sets of filaments forming the brushes are only approximate.
