

## Long-handled Spid and Spid Tube brushes

The contoured shape and the long handle allows the brush to adapt even better to the working surface and the specific application, even in case of difficult access. (The Long-handled Spid allows you to clean high temperature surfaces whilst keeping your hands safe).

### TYPES OF USE

To remove rust, paint and dirt from any kind of surface, clean the grill (BBQ), scrape off gates, maintenance on bicycles and motorbikes. Also suitable for industrial applications!
