

5003

The CCW, copper center wheel brushes, have a thin profile, high filament density and perfect construction symmetry. They are perfect for a single or package assembly, on a shank or on a CNC spindle.

TYPE OF USE

Cleaning and deburring of edges or areas of difficult access such as small openings, slits. Perfect for fine deburring of medical instruments and gear teeth.

Le dimensioni, le illustrazioni, le caratteristiche tecniche, le referenze e tutti gli altri dati contenuti nel catalogo possono essere modificati da SIT senza preavviso. Tutte le dimensioni riportate sul catalogo sono da considerarsi nominali e, se non diversamente specificato, sono in mm. Diametri, sporgenze e spessori degli insiemi di filamenti, costituenti le spazzole, sono da considerare tali solo approssimativamente.
The dimensions, illustrations, technical characteristics and all other data contained in the catalogue may be changed by SIT without prior notice. All dimensions on the catalogue, unless otherwise specified, are in mm. Diameters, protrusions and thicknesses of sets of filaments forming the brushes are only approximate.
