

1895

Kit made up of a flexible and resistant fibreglass rod, a plastic handle that makes them easier to use, 1 or 2 nylon single-section wheels of the best quality and closed by a M12 nut (Light KIT) or M12 black ball, which guides the tube brush also in 90° bends of pipes!

The flexible terminal makes it easy to clean flues and ducts, also in case of curved sections.

TYPE OF USE

Cleaning and maintenance of pellet stoves, flues, downspouts and ducts.
